**RESPONSE TO OFFICE ACTION**

**I. The Office Action**

The January 31, 2006 office action (the "Office Action") in this application requested applicant to restrict to one of the inventions of Groups I, II, III, IV and V.

Applicant wishes to bring to the Examiner's attention that there was a typographical error in the numerical sequence of the claims as filed, hence there are actually a total of 28 claims. Attached hereto is a corrected listing of the claims as they stand prior to our election.

It is assumed that Group IV is claims 15-19 and 28 and that Group V is claims 20-27.

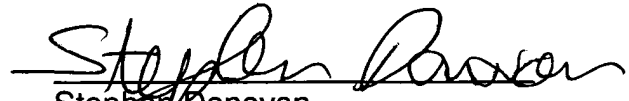

Applicant elects Group I, claims 1-5 with traverse on the basis that since all of the claims are methods using a botulinum toxin a single search should suffice to search all the claims.

The non-elected claims 6-28 are hereby cancelled, without prejudice to further prosecution at a later date.

Examination and allowance of claims 1-5 is requested.

Respectfully submitted,

Date: February 6, 2006
